SB 243: New safety rules for AI companion chatbots

January 6, 2026 | Articles & Books

Davis Polk partner David Lisson, counsel David Feinstein and associate Thomas Floyd authored “SB 243: New safety rules for AI companion chatbots” in the *Daily Journal*’s 2026 New California Laws Supplement. In the article, the authors discuss California’s law requiring AI companion chatbot operators to implement safety guardrails, including user notice and crisis response protocols.
