

SEC establishes Enforcement Division Climate and ESG Task Force

March 5, 2021 | Client Update

Yesterday, the Securities and Exchange Commission announced a newly created [Climate and ESG Task Force](#) in the Division of Enforcement. The announcement is a reminder for public companies, investment advisers and funds to prepare for increased enforcement scrutiny regarding ESG disclosures, plans, and investment products. The new task force also is the latest signal of an effort to portray an SEC enforcement program that is both more aggressive and increasingly focused on specific policy objectives.
