

Quick view: Digital asset regulation in the U.S.

March 7, 2022 | Articles & Books

Davis Polk partner Gabe Rosenberg recently authored “Quick View: Digital Asset Regulation in the U.S.” in *DerivSource*. Gabe discusses the current state of digital asset regulation as well as trends and developments shaping the industry such as regulated trading activities, stablecoins, DeFi, bank cryptocurrency activity and the debate around the development of a U.S. CBDC.
