

M&A and shareholder activism issues facing de-SPACed companies

August 3, 2022 | Webinar

Davis Polk has launched a new interactive series of webinars for companies that have recently gone public via a de-SPAC business combination transaction. This program is designed for senior in-house legal personnel and executives at such newly public companies.

We hosted our third webinar in this series on Wednesday August 3, 2022 at 2:30 p.m. EDT, where we covered “**M&A and shareholder activism topics facing de-SPACed Companies**.” Lee Hochbaum, who has advised clients on over \$50 billion in deSPAC transactions, and Soren Kreider co-hosted the webinar with Derek Dostal, co-leader of our SPAC practice and moderator of this series.

A replay of our first webinar module on capital markets issues is available [here](#) and second webinar module on litigation issues is available [here](#).
