

GCR Insight: Merger Remedies Guide, Third Edition

November 3, 2020 | Articles & Books

Davis Polk partner Ronan Harty and associate Nathan Kiratzis served as editors of the third edition of *GCR Insight: Merger Remedies Guide*. Harty, Kiratzis and associate Anna Kozlowski also authored the Overview chapter, which discusses the global antitrust climate, recent global antitrust reports and the effect of COVID-19 on antitrust matters.

This book provides a comprehensive review of a variety of issues relating to the design and implementation of merger remedies, often referring to practices and precedents from the United States and the European Union. However, merger rules are global in nature and, therefore, a part of the book is devoted to a review of other jurisdictions around the world, including Canada, China and Mexico.
