

The growing popularity and complexity of IP financing transactions in the USA

October 16, 2023 | Articles & Books

Davis Polk partner and IP, Tech & Commercial Transactions head Frank Azzopardi authored “The growing popularity and complexity of IP financing transactions in the USA” in *Chambers*. In the article, Frank discusses the increased use of the so-called “IP financing transaction,” which is the leveraging of intellectual property and other intangible assets as collateral in asset-backed financings, secured notes offerings and other securitizations.

Frank also explores the utilization of IP financing transactions in a wide variety of industries and explains the structures of these transactions and their design.
