October 19, 2023 | Articles & Books

Davis Polk partners Christopher Schell, Yan Zhang and Derek Walters served as editors of the fifth edition of *The Structured Products Law Review* and authored the editors' preface and the "USA" chapter. The book provides an overview of recent changes and developments in the legal and regulatory frameworks governing structured products markets in key jurisdictions worldwide. In the "USA" chapter, the authors partners explore how trends manifest themselves in the overall regulatory landscape, the variation in the manner of issuing structured products, and the impact of the London Interbank Offered Rate (LIBOR) transition.
