

# Cryptocurrency and other digital asset funds for U.S. investors

November 27, 2023 | Articles & Books

Davis Polk partner Greg Rowland recently co-authored a chapter in *Global Legal Insight's Blockchain & Cryptocurrency Laws and Regulations 2024* titled "Cryptocurrency and other digital asset funds for U.S. investors." The chapter outlines the current U.S. regulatory and tax framework applicable to cryptocurrency and other digital asset investment funds offered to U.S. investors and how those regulatory and tax considerations affect fund-structuring decisions.
