

The future of crypto enforcement in the U.S.

February 26, 2025 | Articles & Books

Davis Polk partner Robert Cohen authored “The Future of Crypto Enforcement in the U.S.” in *CoinDesk*. In the piece, Robert reviews the formation of the SEC’s crypto enforcement unit in 2017 and its evolution under the Biden administration and discusses how the priorities of the new Trump administration could shape the future of crypto enforcement.
