

The financial response to the COVID-19 pandemic

August 12, 2020 | Articles & Books

Davis Polk partner Margaret Tahyar, Harvard Law School professor Howell E. Jackson and University of Michigan Law School professor Michael Barr recently authored “The Financial Response to the COVID-19 Pandemic” as a supplement to their textbook, *Financial Regulation: Law and Policy*. The paper discusses key actions taken by the financial regulators in response to the crisis so far, giving a detailed summary of the actions taken by the Federal Reserve, the Treasury Department and Congress.
