

TCJA Navigator

January 5, 2018 | Client Update

Our TCJA Navigator makes it easy to locate particular provisions in the text of the Tax Cuts and Jobs Act, the most significant tax legislation to be enacted since the Tax Reform Act of 1986.

The navigator is a guide to the final official print of the tax bill signed by President Trump on December 22, 2017. It includes a table of contents organizing the tax bill by subject matter, with hyperlinked page numbers that will take you to the section at hand.

Provisions are listed in five categories: business, international, individual, compensation and tax exempts.
