# **Climate Regulatory Reform and the U.S. Financial Services Sector – Fall Focus Edition**

September 6, 2022 | Client Update

Addressing climate change is one of the highest priorities of the Biden Administration, and recent legislation in the United States means that regulatory action by the banking and other agencies will continue. This update to our deck, initially published in February 2022 and updated in April 2022, covers a wide range of prospective developments that are likely to affect the U.S. financial services sector.
